C **clusterTrade PRO** · Ağustos 30, 2020

Hi,
It is perfect I and very accurate
can you add an alert when volume become green or red?
because if I add now , I can select this but I must add a value of cross.....
Thanks!!!

Hi,
Thank you so much for such a wonderful Indicator. Please can you let me know the parameters used so I can create scanner for my self. As we do not have paid subscription of trading view its difficult to understand where opportunity has been come. We have separate website for creating scanner so I can use the parameters to make easy for myself.
Thank you sir

Hi @everget,
If I understand it correctly, we can see the "agreement" or the "anomaly" between the Price & Volume with this Indicator in line with the VPA by Anna Couling. Pardon my ignorance. I am just starting with VPA.
